MG MILLER GOLF EST 1958

OUR HISTORY

Founded in 1958, Miller Golf is the oldest all-Canadian company in the golf industry. As a young golf pro, Jim Windsor saw the need for a direct source of club-branded products and garments.

Starting as an off-season project in his basement, Jim grew the business while maintaining his position as the head professional of a 36-hole private course for almost 40 years. Now, through more than 60 years of business, Miller Golf has become the industry leader in decorated golf accessories and apparel. Today, we continue to grow, with our products stocking shelves far and wide— across North America and Europe.

OUR COMMITMENT

As our game of golf and our business grows, our commitment to creating happy, satisfied customers remains the same. We combine the highest quality craftsmanship & products with the most innovative manufacturing technology to make your brand look its best.
